

Extended abstract submission deadline:

August 16, 2024

Extended early registration deadline:

October 4, 2024

This symposium will bring together researchers from diverse disciplines to discuss the current state of and future opportunities in the chemical-biology-medicine continuum, with a goal of advancing drug discovery and development.

Keynote speaker

Kevan Shokat, USA

Speakers

Michelle Arkin, USA

Marianne Ashford, UK

Yimon Aye, Switzerland

Miklos Bekes, USA

Robert Blelloch, USA

Ling-Ling Chen, China

Danette Daniels, USA

Julian Downward, UK

Fleur Ferguson, USA

Eric Fischer, USA

Ryan Flynn, USA

Nathanael S. Gray, USA

Ming Hammond, USA

Yamuna Krishnan, USA

Lingyin Li, USA

Jennifer Petter, USA

Ingrid E. Wertz, USA

Pete Wildes, USA

Zhong-Yin Zhang, USA

Organizers

Michelle Arkin, University of California San Francisco, USA

Nathanael S. Gray, Stanford University, USA

Mishtu Dey, Editor-in-chief, Cell Chemical Biology

Zhaodong Li, Scientific editor, Cancer Cell
